

INCREASE THE TOWN'S PROSPECTS VOTE FOR A FLOUR MILL AND HELP

AGRICULTURAL GROUNDS WILL BE IMPROVED AT ONCE WITH HALF MILE TRACK

As a consequence of a survey which was made of the agricultural grounds last week by Engineer Gransault, tenders are now advertised for the fencing of the area, and the assurance is given that the grounds will be in proper shape before fall.

The survey proved that a half mile race track could be built and afford ample space for buildings and other sheds to be used at time of fall fairs. Nothing definite is known as to the immediate intentions of the society in regard to a track, although it is thought that it will be graded before fall.

A more ideal spot for the holding of a fall show could not have been selected by the town and agricultural society and both the council and the members of the former society have worked together with good results. The athletic association will also be a factor in improving these grounds and before fall one of the best enclosures should be provided in which to hold a successful fair.

SUGGESTION TO TAX ALL CATALOGUE HOUSES IS RECEIVED WITH FAVOUR

The suggestion that the board of trade start a campaign agitating for a tax on all catalogue houses has been kindly received by the local merchants, and is proof of the manner in which it would be received by the businessmen throughout the entire country. Since the scheme was suggested, no meeting of the board of trade has been held and consequently no action has as yet been taken in the matter.

In adopting such a scheme the local board will be serving many beneficiaries, in addition to gaining prominence and no little advertising. The former, however, would be the chief ends to which the board should work. Giant petitions could very easily be circulated throughout this portion of the West, and the local board could act in the capacity of promoters.

When the proper time comes, and when some of the work which now confronts the board is disposed with, the movement should be taken up, and considered if nothing more.

A Decided Change in the Town's Appearance

Several progressive citizens have taken the initiative and have painted their residences and dwellings during the past week, thereby adding much to the beauty of the town. These citizens are to be congratulated, for they have shown that they are alive to both their own interests and the interests of the town.

This will doubtless serve as a quiet intimation to others who should improve their premises with a little paint.

The show case at the station has been painted during the past week and the color is a dead white. It stands out on the platform very conspicuously and will attract the attention of every passenger who travels through.

CATTLE SHIPMENTS HAVE COMMENCED

Cattle shipments from this point have begun for the season, the first consignment being shipped to the Swift Company on Monday by Chas. Houcher who carries on extensive ranching operations south of here. Three hundred choice steers made up the shipment, which consisted of some of the best cattle ever shipped from this point.

The next month will see many other shipments made, contracts for the sale of large numbers having already been signed by several ranchers of the district.

NEVER SAW BETTER PROSPECTS

Mr. J. F. Templeton who is interested in farm lands in the Gilt Edge district was in town yesterday. Mr. Templeton stated that he never saw prospects for a bumper crop so promising. He is an old Westerner and has seen a great many crops and his opinion should be of some value.

FOURTH AVENUE PROPERTY WILL BE PROTECTED

Claim of W.E. Washburn was Given Favourable Consideration by Councilors

CEMETERY WILL PROBABLY BE MOVED WEST OF TOWN

In the absence of Mayor Pawling from the town, his chair was taken at last night's meeting of the council by Coun. Musson, and with the disposal of urgent business which could not be suspended, an adjournment was made until Friday evening when the completion of the skating rink will be dealt with.

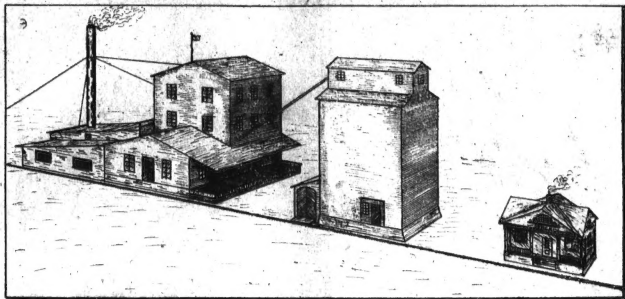

Sometime ago, Mr. W. E. Washburn petitioned the council for the protection of his property on Fourth Avenue which he claimed had been damaged by the deep cutting in front of his house. Coun. Crawford made a preliminary report on this at last night's meeting and recommended that cedar posts be sunk and planks placed against them so as to prevent the dirt from sliding off these lots.

Coun. Crawford also reported on the fencing of the cemetery, and recommended that this work be proceeded with at once. The site could be fenced for forty-five cents a rod, and he was of the opinion that immediate action should be taken. The report was adopted and instructions given to proceed forthwith.

It is not probable, however, that the present site will be retained as a burial ground, in view of a better locality being obtainable. A site can be secured west of town and adjacent to Bushy Head Lake. On motion of Couns. Snyder and Lally the secretary was instructed to write the authorities at Ottawa and endeavor to secure all of 35-44° north of the lake, as well as the small island in the lake, for the purpose of a cemetery.

M. L. Forster and H. Y. Pawling were passengers to Edmonton yesterday. They claim that they secured ticket number thirty-one in the Hudson's Bay draw through a substitute who drew for them.

-- A Section of Wainwright's Future Industrial Quarters --

WAINWRIGHT'S \$20,000 FLOUR MILL

In the Event of a Favourable Vote Messrs. C. E. Bird & Co. will Erect Such a Mill.

A TURNDOWN OF THE FLOUR MILL BY-LAW WOULD DISSUADE OTHER MANUFACTURES LOCATING HERE

On May 27th., the ratepayers will be called upon to decide an issue which is an important one to all who are concerned in the growth and prosperity of Wainwright. A flour mill established here is looked upon as the first step towards the location of larger and more important industries and in all probability, manufactures. The start must be made, and the establishment of dire necessities is the first that should shape the course of future enterprises.

Several by laws have already been submitted to the ratepayers of Wainwright and on these occasions almost unanimous votes were registered favorably. The improvement of public highways, the erection of a fire hall, and the sanction of other

developments have been readily assented to. A \$10,000 skating rink was supported and carried through with a large majority. If these were considered important, the new flour mill should be looked upon with much favor, and the consensus of opinion registered in like manner on May 27th.

It is needless to narrate the many advantages of having a flour mill located here. These have been voiced both publicly and through the press, and the majority of ratepayers are now fully conversant with the issue on which they are asked to vote. No exception has been taken to any of the arguments which have been advanced, and from this, is nothing more, should dispel any suspicion which

might be entertained by considerate citizens. No opposition has been shown to any part of the by-law, for the terms and agreements are considered sufficient.

There is scarcely any doubt but that the result will be unanimously favorable, otherwise the town would be confronted with the onerous opinion of poor faith and lack of confidence. Furthermore, a turndown would serve as a very poor inducement for future industries of this or any other kind, and would doubtless result in the town remaining where it is, a dead end being apparently in favor of this by-law, and from all events the proposal will carry by a large majority.

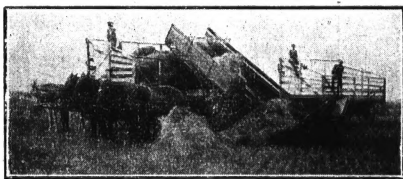

HAD NARROW ESCAPE FROM DROWNING

Returning from points south-west of town one day last week, M. A. Harpell and Elmer Jackson had a very narrow escape from drowning on crossing the Battle River. The river is now very high and the depth proved several feet higher than it has been for several years.

Both were driving in a buggy to which a saddle pony was attached. Mr. Harpell knew the ford but did not realize that the river at that particular point was so high. As they got further into the current, the water turned the buggy upside down and Mr. Jackson was taken beneath the water with it. He clung to the submerged vehicle and the horses swam ashore. Mr. Harpell after being thrown from the rig swam around until he knew that Jackson was safe. Friends of both have congratulated them on their fortunate escape.

A ball team is practically assured for the season, and the material already at hand is considered as good as that of any previous year. Practices are being held on the old diamond east of town, and considerable interest is being taken in the formation of a team for the summer. At a meeting held last week, Vern Graham was appointed manager and Stan McLuhan, captain, protom.

G. S. Worsley, Inspector of the R. N. W. M. P., with headquarters in Edmonton, was in town yesterday on a periodical trip of inspection.

The above is an exact photograph of the Stewart Sheaf of hard wheat, grown in 1912 under dry-farming methods and to be exhibited at the International Dry-Farmed Products Exposition at Lethbridge, October 21-26th, next. The loader is valued at \$500.

Mr. T. A. Platt who formerly held a lease of the Palace Barber Shop on Second Avenue but who lately gave up this shop has accepted a position at the Club Barber shop. He started work yesterday morning.

An advertisement appears with this issue for tenders in connection with street grading in South Wainwright. For sometime past the veracity of former statements in this respect have been questioned, but now it is seen that the National Townsite & Colonization Co. mean business.

Westbound express trains have been exceptionally heavy for sometime past, while those from the west have shown the reverse. The rate at which settlers are coming into Alberta is nothing short of marvelous, and being at the 'gateway' of Alberta, as it were, citizens of Wainwright have an opportunity of witnessing how great the immigration really is.

A representative of the STAR was approached this week by a certain individual who intimated that the new flour mill would not be run on a square basis. That's just about the size of certain intellects which make such a poor list at trying to do a little thinking. Scepticism is a common fault.

It is gratifying to note the interest which is being daily displayed in the work of the board of trade. It is gratifying to both officers and executive members, and the encouragement which is set forth is much different from former sentiments which have marked similar movements.

A ball game is called for tonight between the local team and the G. T. P. This is the first of the season and should prove interesting. Good material is to be found in both teams and a choice from the two should result in a good team to represent the town.

THOUSANDS OF PAMPHLETS LETS TO BE CIRCULATED

Work on the contract for the board of trade pamphlet has started and 15,000 will be out in a short time. The booklet has been considerably reduced, the original number of 20,000 being cut down by one quarter of that amount.

As soon as the pamphlets are printed a large number will be forwarded to all parts of the Old Country, and in fact to everyone who has ever written to the local secretary of the board of trade. Outside parties will also be supplied with booklets for distribution to all interested parties.

NEW BRANCH AT CHAUVIN

A branch yard of the Imperial Lumber Co. has been opened up at Chauvin, and is one of three which are now doing business at that point. The Chauvin district is a large one and much building is now going on there. Mr. T. G. Cook who is at the head of this company has great faith in Chauvin's future.

IS ENTHUSIASTIC OVER PROSPECT OF WAINWRIGHT

Representative of C.P.R. Visits Here and Thinks Land is Best in the West

LAND ADAPTED TO ALL BRANCHES OF FARMING

The tide of western immigration continues to move northward, and Wainwright continues to receive a gratifying share of these newcomers. Owners of large tracts of land in this locality are taking an entirely new interest in their holdings and are of the opinion that Wainwright is worthy of more than casual inspection.

Mr. H. P. Carver, Travelling Representative for the C. P. R., with his office in Calgary, was here yesterday consulting with Mr. Mills of the Wainwright Realty Company, regarding the many quarter sections which are held by that company in this community. Mr. Carver proved himself one of the best enthusiasts that has yet visited here. He has a high opinion of Wainwright and its resourceful district, and was confident that a few years would see many changes in the district.

Mr. Carver was particularly impressed with the Gilt Edge district, and thought that this community had been suitably named by the pioneers. The land was adaptable for any branch of farming pursuits, and for this reason he saw no reason why successful farming could not be carried on. He was further of the opinion that in a very short time, farm lands in the Wainwright district would be worth at least \$50 per acre.

On direct charges from Constable Webster, two residents of the district were up in the police court last night before Justice of the Peace Ross for having set prairie fires, which caused more or less loss to several farmers, contrary to the provisions of the government act. One who works with a well-known grain grower pleaded guilty and was fined \$5 and costs. The other case was adjourned until Friday night when it will again be heard.

ERECTION OF A PERMANENT POST OFFICE EXPECTED TO FOLLOW REPORT OF THE FEDERAL INSPECTOR

C. W. Cairns, Inspector of Post Offices in the Province of Alberta, was a visitor in town last week and while here inspected the local office, which is under the charge of Postmaster McLeod.

It is understood that Mr. Cairns visited here with the express purpose of investigating the claim of the board of trade that Wainwright now deserves a permanent post office, and one that will keep pace with the increasing business and demands. Along this line, an application was recently made to the Post Master General for consideration, and the request has evidently been productive of good results.

It is further reported that Mr. Cairns will recommend the erection of a permanent building here at no far distant date, although nothing definite in this respect was obtainable. It is not thought that the structure will be erected this year.

S. G. Lewis and D. W. Parsons of Chauvin attended the sale of Hudson's Bay lots in Edmonton on Monday and Tuesday.

H.C. KING DREW TICKET 295 AND SOLD IT FOR TWO HUNDRED BUCKS

At the draw of tickets at Edmonton on Monday for Hudson's Bay lots, Mr. H. C. King was fortunate in securing number two hundred and ninety-six and sold it before leaving for \$200. Mr. George L. Hudson who was present at the draw and who was lined up with the others drew number fifteen hundred, the poorest number of the lot. A newspaper reporter who was anxious to feature this particular draw asked him his name, with which Mr. Hudson replied, "Mad".

Mr. Robert J. Pierce who is well known here drew a ticket which gave him the choice of forty-five lots. Mr. Pierce decided to hold his ticket and he will doubtless purchase the determined limit of four, which is all that anyone can buy.

Gilt Edge Land Proves Very Popular Buying

Several farm land deals have recently been put through by the Wainwright Realty Company, and two of these sales have been made to established settlers who have been here for years. The N. W. 15-45-5, was disposed of to Charles Flaxton of Gilt Edge, while William Fell was the purchaser of the S. E. 35-45-5. Both of these buyers are Gilt Edge farmers who have sufficient confidence in the Gilt Edge district have been disposed of the majority of them being originally held by the C. P. R. More sales are expected in the next few weeks.

The STAR is in receipt of a letter from "Farmer Giles" and is written on an article appearing in these columns last week under the caption of "How Merchants Could Benefit and Towns Prosper". The letter is an interesting one and will be published with our next issue.

As people pass the lot adjoining the STAR office they walk with increased speed and beth forth their surplus wind with a loud and prolonged "phew". The smell of stagnant water is enough to make one turn sick at the stomach. Something must be done immediately.

Those who engaged in the amateur wrestling match which was recorded in last week's issue wish to state that they did not receive the gate receipts of \$2.50 with which they were credited. In this case they would be professionalized. They will wrestle again this evening.

Exceptionally warm weather has been experienced during the past few days and the effects have been most noticeable. Grain in the outlying districts has been given an excellent start and the face of nature is fast taking on its summer apparel. Weather thus far has been ideal.

Wainwright will shortly have a photographic studio. Mr. John Gano recently purchased a lot on Second Avenue, adjoining Messrs. Cassidy & Coelen, on which he will erect a building for this purpose. Mr. Gano is an experienced artist and photographer and is a well-known pioneer in Wainwright.

Mr. H. V. Fieldhouse who visited specialists at Banff returned here on Sunday, and his many friends will regret to learn that his health remains the same. He may shortly take a trip to Seattle where he hopes to fully recover. Mr. Fieldhouse is suffering from rheumatic neuralgia.

Mrs. F. F. Davis, and daughter, Nellie, were visitors to Edmonton last week, returning home on Sunday. While in Edmonton they were guests of Mrs. George Conrad who resides at Elm Park.

Lon McLuhan who was formerly connected in business here with Mr. C. T. Lally is now located in Edmonton where he is handling real estate. Mr. McLuhan is meeting deserving success in the city and his many friends are pleased to see that he is making good.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

John Cathrine who formerly worked with the G. T. P. here, but who has been in Prince Rupert for the past year with the same company is in town today renewing old acquaintances. Mr. Cathrine is enjoying a well-earned vacation, and will return to Prince Rupert by tomorrow's express.

Subscribers should note the full page advertisement of the Wainwright Realty Co. appearing with this issue. It predicts another increase in local real estate listings of fifty per cent before the beginning of next month. From appearances, local property is on the upward move.

An interesting agreement between two local men for an exhibition boxing bout in the Auditorium fell through last week; and caused more or less disappointment among local sports. Amateur contests are becoming popular and future bouts are anticipated and eagerly awaited.

Edgerton agriculturalists are preparing for the fall fair to be held at that point during September. An early start was made last year by these enterprising managers, and the fruits of their efforts were very noticeable. Edgerton should have an excellent show this year, as no doubt it will.

Workmen are employed at the foundation of the fire hall, and the casings are being removed, preparatory to the strengthening of the wall which will follow in due course. An experienced architect from Edmonton was here last week and condemned certain portions of it.

Frank Everett who has been in Montreal and other Eastern points for sometime past returned here last week and left on Sunday for Saskatoon. Mr. Everett recently severed his connections with the G. T. P.

S. R. Bowerman received a wire from Pictou, Ont., last week, informing him of the death of his father. On account of his being on his farm north east of town, he did not get the telegram for several days and until after the funeral took place.

Robert Gruber, who has been visiting in the States, returned here on yesterday's express and will now take up farming at his farm near Greenshields.

AT

THE GEM CONFECTIONERY

GRAND TRUNK PACIFIC Victoria Day May 24, 1912

FARE AND ONE-THIRD

FOR ROUND TRIP BETWEEN ALL STATIONS

Good going May 22 to 24, inclusive. Returning till May 27, 1912.

Full particulars from Grand Trunk Pacific station and train agents.

W. J. QUINLAN District Passenger Agent

200 Portage Ave. Winnipeg

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

Messrs. Small Bros. are busily engaged painting the interior of the Auditorium, and when completed will favorably compare with city theatres. The decorations will be the handiwork of Bert Cox and his helpers. The proprietors of the hall state that decorations for social events will be unnecessary in future.

Several local parties attended the Hudson's Bay sale of lots this week at Edmonton. Included in these were the following: H. C. King, W. Small, G. L. Hudson, N. E. Cook, A. D. Ferguson, Frank Bowtell and George Richardson.

TENDERS

Sealed tenders will be received up to the night of the thirtieth day of May, 1912, for the grading of Third Avenue, Railroad Avenue and First and Second Streets East, in South Wainwright.

The cuts must be twenty (20) feet apart and eight (8) inches deep in the centre of each of the above streets, and the dirt rounded to the centre.

Work will have to be commenced not later than the tenth of June, 1912, and completed by the Twenty-fifth day of June, 1912. The National Townsite and Colonization Co., 205 McDermott Ave., Winnipeg

BICKMORE'S GALL CURE

THE HARNESS MAN Wainwright

STABLE SUPPLIES

AXLE GREASE, HARNESS OIL, WHIPS, CURRY COMBS,

Upwards of a dozen ringside seats have been engaged by local parties for the Burns-Cornell match which will come off in Edmonton on Thursday next. Cornell is now training publicly in Edmonton as also is Burns. From the fact that Cornell is well known here, a general interest is displayed here in the outcome of the match which will be witnessed by thousands.

The famous production of Faust will be seen at the Auditorium on Friday and Saturday evening next. These pictures have been shown in both Edmonton and Calgary recently and proved highly interesting. This picture itself is worth the price of admission.

NORMAN E. COOK,
Manager and Editor

WAINWRIGHT, ALTA., WEDNESDAY, MAY 15 1912

It would be almost unreasonable to suppose that any ratepayer would vote against the mill by-law on the grounds that it is not in the proper location. The town council looked into the matter of sites and found that the west site was the only one available. Were the location thrust upon the citizens, there would be reason for criticism but there was but one choice to make.

If the board of trade has its way, the by-law, authorizing the loan of \$11,500 for a flour mill, is already as good as carried. The proposition has been figured out as it were, weighed in the balance with the pros and the cons. It has been pronounced a good thing. And we cannot get too much of a good thing.

Never were prospects brighter in the gratifying expression which comes from every corner of the district. Sufficient rain has fallen to moisten the ground for sometime to come, and the grain has been given a splendid start. If the crop does not turn out well this year a few will pack their 'turkey' in the fall for other parts.

The promoters of the flour mill expect the by-law to pass and will naturally be greatly disappointed if it doesn't. Lumber to be used in the construction of the building has already been ordered. Mr. Bird is determined to start construction immediately and as soon as the issue is decided by the ratepayers.

A flour mill will start industrial enterprises here and add a material number to the growing population of the town. Few anticipate this for at least two years, but even at that the establishment of these industries in that time would appear as most satisfactory. A flour mill is a most desirable thing.

At the rate Wainwright has grown during the past six months, the prediction of a five thousand population in two years will shortly be realized. To say that the population has increased twenty percent in the last six months would not be any exaggeration. It's only natural. Nothing can keep back Wainwright's growth.

Erected on one of the highest points of ground in the town the flour mill undoubtedly create a very imposing appearance. To this will be added a 32,000 barrel elevator, and the installation of an electric lighting plant will shortly follow. Could any ratepayer turn down such promising prospects as these?

Of course a flour mill will be but a start for greater industries. That's just the reason why so many are favouring it. What was Moses' law before the flour mills located there? A railway centre. True, so is Wainwright, but it will evolve from this, so that one will help the other. Vote for it.

If others have failed to give you perfect satisfaction, that is just the reason why you should consult me, for by treating just such cases as yours, I demonstrate my superior ability and skill. M. Mecklenburg, A. M., the only University graduate eye specialist in this province, Archibald Block, Edmonton, Phone 5225. Will again beat Wainwright Hotel, Wainwright, Saturday, May 25th.

A by-law was submitted to the people last fall for the construction of sidewalks along certain streets in the town. To date nothing has been done on this work and many citizens are asking why such improvements are not proceeded with. Wet weather will soon be in evidence and further complaints will follow. As soon as the street grading is completed this work should start.

From the manner in which the homesteads were recently disposed of at Lethbridge, and the method employed by the Hudson's Bay company at Edmonton on Monday morning, it would seem that some new scheme should be resorted to that would prove more satisfactory to the buying public. The scenes at Edmonton much resembled a stampede of wild animals.

Gradually the soil, immediately adjoining the town, is beginning to be broken up and less land is now held for speculative purposes. An auto junkie over the outlying districts will convince one that the wave of development has begun, and it's a pity that a few of the subdivisions were not cultivated also.

Mr. Bird claims that he will be in a position to supply superior grades of flour at ever better prices than elsewhere are now paying for it, in which case the entire cost of local consumption will be kept in town, and foreign mills will be cut out to a large degree. Retailers in town will handle the flour and their customers will profit by a reduction in prices.

Carpenters are already here awaiting the favourable expression of the ratepayers on May 27th, and will then be available to construct the flour mill. Everyone anticipates a clean sweep for this by-law and it would be very surprising to see any opposition shown it.

Feeling among local ratepayers who will be taxed this year on their real estate, no vacant lots, is at high tension these days, and many are beginning to conjecture what their assessment will be. At any rate it will be enough and will be based on single tax.

Issues of the Chinua Advance continue to mingle with our exchange copies. It appears that the paper has encountered considerable difficulty of late, which is reflected of late through the columns of that publication. However, the journal continues to go to its subscribers, sometimes a little belated time, but always "clock full of news."

Edmonton Race Meet to be Held May 23-25

The Edmonton Spring Race Meet will be held May 23rd, 24th and 25th, beginning at 2 P. M. each day, at the Exhibition Grounds. \$5000 will be given in purses for harness running events. Over one hundred horses are now in training at the track for this meeting, and the management are sparing no pains to make this one of the best race meets ever held on the fast half-mile track at Edmonton. The entries for the harness event at 10 o'clock of the day previous to the race. Reduced rates on all railroads.

CANADIAN GOODS IN WAINWRIGHT

The "Made in Canada" Train will be the Greatest Exhibition Ever Placed on Wheels.

The Made-in-Canada train which the Canadian Home Market Association has prepared for a trip through Western Canada will show the people of the West in a graphic manner what the development of manufacturing in the West will mean to them. It will also serve to demonstrate the fact that the quality of Canadian-made goods is equal to anything that can be imported, value for value. The train will consist of ten standard baggage cars, the interior of which will be arranged so as to permit the display of the products as attractively and compactly as possible. Firms making exhibits will have three wall spaces to display photographs of their works, posters or other advertising material. The train will be electric lighted throughout. The train itself is a marvel of Canadian industry, is new throughout and was made in the Angus shops, Montreal. The space has all been taken up, and without doubt will be utilized in the greatest and finest exhibit ever placed on wheels. It is nothing short of an industrial exhibition and on a large scale, for the interior covers a very wide range of factory products. It includes a representative showing of such made-in-Canada goods as all classes of textiles, stores, pianos, automobiles, beds, springs, mattresses, engines, pumps, household appliances, confectionery, rubber goods, salt, kerosene, farm implements, paints and oils, drugs, cement, furniture, jewelry, and watches, silver plate, and all kinds of sheet metal products.

The train will leave Toronto on May 18th, and will then proceed to Montreal and Ottawa, and thence to Port Arthur and Port Huron, which it will reach on May 21. After that the itinerary will cover some 100 towns in Manitoba, Saskatchewan, and Alberta, following the lines of the Canadian Pacific Railway. It is the purpose of the association to run over the other lines in ensuing years.

One particular feature of the scheme is the eagerness with which the Winnipeg manufacturers are receiving it. Eastern manufacturers regard this Western zeal as a strong indication of the progress of manufacturing in the Middle West, and in some cases the enthusiasm of the West serves as a stimulus to the more tardy attitude of the established Eastern houses.

The arrangement of the cars will be as follows:
A model house—fully furnished, and showing the products of numerous Canadian factories.
Composite exhibits, showing the process of manufacture of raw stock into its many forms.

In addition to the actual exhibits lectures will be given on board by Mr. T. H. Bates, of Mitchell, Ont., who has been Canada's representative at the World's Fairs held in Australia, New Zealand, Britain, and Belgium. He will give, as it were, word pictures of industrial and agricultural life the world over.

WESTERN CONDOR'S

James Carruthers Predicts for 1912 the Greatest Crop on Record

Collections are improving, dealers are meeting their notes as they come in, wholesale houses report good orders, trade conditions are excellent. This is the report which Mr. James Carruthers brings back to Montreal after a three weeks' trip in Western Canada. The grain receipts inspected at Winnipeg every day, he says, show that the railways are moving forward a lot of grain. "There is no doubt," added Mr. Carruthers, "that with anything like favorable conditions next season our Canadian West will have the biggest crop of wheat on record. The farmers there are hoping for a rather late spring, with continued good weather, which they prefer to an early spring with the usual break in the conditions."

While in the West a prominent railway official predicted that in 1915 Western Canada would have a wheat crop of 325,000,000 bushels. It will then be necessary to use the Panama Canal, which will result in the export of a large amount of wheat via Vancouver.

Canadian Over All

By Dr. Drummond
Our fathers came to win us
This land beyond recall,
And the same blood flows within us
Be it Britain, Celt or Gaul.
Keep alive each glowing ember
Of our Sireland, but remember
That we are Canadian
Whatever may befall.
Who can blame us? Who can blame us?
If we tell ourselves with pride
How a thousand years ago
The foe has often tried?
And should e'er the Empire head us,
She'll require no claims to lead us.
For we are Empire's children,
But Canadians over all.
Then live and try us
Whoever would deny us
The freedom of our birthright,
And then bid us live a wall.
For we are Canadian, Canadian for ever,
And Canadian over all.

Cigarette smokers can never be sure of the contents of the flimsy paper. Recently a Scotch firm of cigarette makers was fined \$2,500 for having 500 tons of horse manure on the premises which was used in the manufacture of cigarettes—an aromatic smoke.

PROSPECTS FOR BUMPER CROP

Prospects for a bumper crop in the Canadian West were never brighter, and conditions go to show that the growing season is opening up as never before. To date, nothing has retarded the spring operations and germination is better than any previous year in the history of the country. Pioneers are unanimous in their opinion that this year's crop will be much better than last, and that unless something abnormal takes place the 1912

harvest will outpace all previous years. A real good crop has not as yet been taken off the land in this part of Alberta. Weather conditions have been responsible to a large degree, although the experience of the farmers with the nature of the soil has tended to retard successful grain-growing.

It would then appear that unless the dictates of Providence are too severe, there is little reason to fear for this year's crop.

UNRESERVED AUCTION SALE

Sec. 1-20-28 W. 4th
1 Mile North of Gladys and 8 Miles N. E. of High River
WEDNESDAY, MAY 29th, 1912 at 12 o'clock sharp

Instructed by MR. J. A. HOLMES who is leaving for the coast I will sell the undermentioned:-

75 Head Horses, 100 Head Cattle, 6 head Hogs, 150 head of Chickens

The Horses Comprise
2 choice heavy mares with colts at side average weight 1550 lbs; Team bay and sorrel geldings 6 years 3150 lbs; Team brown geldings 6 years 2700 lbs; Team driving geldings 6 years 2120 lbs; 4 mares 4 years average weight 1300 lbs; 5 mares 3 years average weight 1350 lbs; 2 black geldings 3 years 2000 lbs; 10 geldings 2 years average weight 1250 lbs; 8 mares 2 years average weight 1250 lbs; 2 yearlings; 1 Registered Percheron Stallion 6 years old dapple grey weight 1800 lbs; Extra good sorrell driving gelding 7 years.
The Cattle Comprise
50 head good prime fat steers and cows; 12 gentle milk cows; 10 2 year old heifers mostly in calf; 5 head of two year old steers; 7 yearling steers; 10 calves; 1 registered hereford bull.
The Hogs Comprise
15 young sows in pig or with pigs at side; 10 head fat pigs; balance shogts and fat pigs.

The Implements Comprise

3 wagons, 1 demora, 3 bob-sleighs, 1 extra top buggy, rubber tyreed phon, 28ft. Deering Binder, 16ft. Deering Binder, 18ft. Dix Drill, 20ft. Disc drill, 2 sets Harrows & Carts, Hay Rake, 2 Deering and 1 McCormick mowers, Dune Hay stacker, set Driving harness and Runabout, 2 Dune Hay Bock rakes, 1 Acme atcher, International chopping mill, 12 horse International air cooled gasoline pumping engine, 2 horse 4 wheel shovel cultivator, 6 sets hay stings, Chatham fanning mill, Hay racks, 2 gang ploughs, 475 feet chicken wire netting 7 sets good work harness, 1 set demora harness, 3 stock saddles, Blacksmith outfit, well pump, pump jack, 4 bushel timothy seed, 2 bushel alfalfa, 100 corner and cedar posts, Piano, shovels, forks, logging chain and other implements far to numerous to mention.

I have personally seen the above horses and cattle and consider the horses the best mixed bunch I have ever had the pleasure of exposing for sale. They are all young mares and geldings of Clyde and Percheron breedings and of good conformation and well ribbed up. Part of these horses are well broken and the rest will halter broke.

The stallion is a lovely Dapple Grey, stands about 17 hands high, and is well range broke.

The fat cattle are also a choice bunch and for the past two years have, where ever shipped to, topped the market.

The hogs and sows are of the world famous Duroc breed and any one in want of good young sows would do well to attend this sale.

The implements are all of the latest patents and are all new and in first class repair.

Intending purchasers going South to the sale should take the 9:25 train from Calgary to Alderode which arrives there at 10:40 and going North should join the 7:30 a.m. train from Medora to Alderode which arrives there at 10:15. From Alderode the train leaves for Gladys at 11 o'clock. Return journey the train arrives at Gladys at 6 p.m. and meets both North and South connections at Alderode. Stock will be delivered at High River Stock Yard free of charge.

"A Home For Everybody"

EVERY FARMER HAS VOICED HIS OPINION HE NEEDS THIS MILL

RATEPAYERS, VOTE FOR A FLOUR MILL!! YOU OWE IT AS A DUTY TO THE FARMERS.

Farmers are the Back-bone of Canada; Farmers Residing in the Wainwright District Keep up the Town; Without them We Could do Nothing; the Town would Die a Natural Death from Natural Causes. The Establishment of a Flour Mill Will Nett them Larger Returns and Hence Increase Their Buying Powers. It is to the Interest of Every Ratepayer to Favor this By-Law on Mon. May 27th.

HERE IS THE ISSUE ON WHICH YOU ARE ASKED TO VOTE. READ IT THROUGH AND SHOW YOUR FAITH IN WAINWRIGHT'S FUTURE BY VOTING FOR IT

C. E. Bird is an Experienced Miller Who is Wholeheartedly Interested in Wainwright and its Promising Future. His Credentials Have Been Investigated and Declared Abundantly Sufficient. Give Him an Opportunity to Show what He Can do for the Farmers.

MANY DISTRICT FARMERS HAVE POWER TO VOTE. SCAN PAGE 1 AND SEE IF YOU ARE ONE OF THESE. IF SO BE SURE AND VOTE

Town of Wainwright BY-LAW NO. 35

A By-law authorizing the ratification of a certain agreement made between the Town of Wainwright and one, Charles E. Bird, of the city of Minneapolis, for the construction and operation of a flour and grist mill in the Town of Wainwright and providing for the issue of debentures of the Town of Wainwright to the amount of \$11,500.00 for the purpose of carrying out the undertakings entered into by the Town in the said agreement.

WHEREAS the Council of the Town of Wainwright on the third day of April A. D. 1912 duly entered into an agreement with one, Charles E. Bird, of the city of Minneapolis, in the State of Minnesota, subject to the ratification thereof by the ratepayers of the Town of Wainwright, in accordance with the provisions of "The Town Act" which agreement is in the words and figures following, that is to say:

THIS AGREEMENT made this third day of April A. D. 1912 BETWEEN The Town of Wainwright, Parties of the First Part, AND Charles E. Bird, of the city of Minneapolis, in the State of Minnesota, Parties of the Second Part.

WHEREAS the said party of the Second Part intends building a flour and grist mill at the Town of Wainwright, and for such purpose has requested the parties of the First Part to assist him, by providing a freehold site for such mill, upon trackage property, by exempting the said site from taxation for a period of ten years and by lending to the said party of the Second Part the sum of ten thousand dollars (\$10,000.00) upon the security of the first mortgage upon the said land and mill.

NOW THEREFORE THIS AGREEMENT WITNESSETH that the said parties hereto do

herely mutually covenant, promise and agree with other as follows:

THE TOWN OF WAINWRIGHT AGREES:

1. To furnish the said party of the Second Part with a suitable freehold site for the said mill upon trackage property, and if necessary, to construct a side track from such property to connect with the Grand Trunk Pacific Railway, such site to be prepared and track constructed as soon as conveniently may be, after the completion of this agreement and the ratification of the By-law hereinafter mentioned by the ratepayers of the Town of Wainwright, provided that the cost of the said site and construction of side track shall not exceed the sum of \$1500.00.

2. To exempt the said lands from taxation for a period of ten years from the thirty first day of December A. D. 1912.

3. To lend to the said party of the Second Part the sum of ten thousand dollars (\$10,000.00) upon a first mortgage of the said site and mill, such mortgage to be repayable in eight equal annual instalments of one thousand dollars each, commencing with a date two years from the date of the said mortgage, and the final payment of two thousand dollars ten years from the date thereof, together with the interest annually upon the said sum or so much thereof as may from time to time remain unpaid, at a rate not exceeding 6% per annum.

PROVIDED ALWAYS that it shall lie within the jurisdiction of the said Town to undertake its agreement, and PROVIDED that should it be necessary for such purpose to secure the consent of the ratepayers of the said Town thereto, and a By-law be submitted to them, that their consent be obtained thereto in accordance with the provisions of "the Town Act".

AND THE SAID C. E. BIRD AGREES:

1. That he will construct, equip and operate a flour and grist mill in the said Town of Wainwright, in accordance with the plans thereof, hereto annexed, and which are made a part of this agreement, PROVIDED that the said plans may be changed or modified with the consent of the said parties of the First Part.

That he will use all diligence to start the construction thereof and carry the same to completion as soon as conveniently may be, after being assured by the parties of the First Part that they are able to carry out the conditions and promises to which their part of this agreement is subject. That the machinery and plant to be placed in the said mill by the said party of the Second Part shall be a standard flour mill, with all the necessary machinery and parts for running the same, of a capacity of from 100 to 125 barrels per day, as manufactured by the Wolf Manufacturing Company, and of the estimated value F. O. B. Wainwright of about \$13,000.00. That he will properly construct the said mill and install the machinery therein in accordance with the said plans and specifications at the estimated cost of \$4500.00 for the building, and \$2000.00 for the installation of the machinery.

2. That he will place in charge of the said mill a competent miller, and hands sufficient to operate the same, and that he will keep the said mill in operation during the currency of the mortgage to be taken thereon.

3. That he will make prices on all products of the said mill low enough to meet the competition from other mills, provided he shall not be required to meet prices below the cost of production and a reasonable profit thereon.

4. That he will give to the said parties of the First Part a first mortgage free from all encumbrance, with the usual covenants, upon the said site and property for the repay-

ment of the said loan in accordance with the terms herein before stated.

5. That he will give to the Parties of the First Part a good and sufficient bond in the sum of \$10,000.00 in a bond Company authorized to transact business in the Province of Alberta for the performance of this Contract.

It is understood that the covenants, conditions and promises herein contained shall endure to and be binding upon, the Heirs, executors, administrators, successors and assigns of the parties hereto, respectively.

IN WITNESS WHEREOF the said parties of the First Part have executed these presents by causing the Corporate Seal of the said Town of Wainwright and the signature of their Mayor and Secretary to be thereto affixed, and the Party of the Second Part, has hereunto set his hand and seal.

Signed, Sealed and Delivered in the presence of (Signed) W. T. Barr

The Town of Wainwright. (Signed) H. Y. Pawling, Mayor. H. V. Fieldhouse, Secretary-Treas. Chas. E. Bird.

AND WHEREAS in order to carry out the terms of the said agreement it will be necessary to borrow the sum of \$11,500.00 and to issue debentures of the said Town of Wainwright (hereof (which is the amount of the debt intended to be created by this By-law) the proceeds of the said debentures to be applied to the said purpose and to no other.

AND WHEREAS it is desirable to make the principal of the said debt under this By-law repayable at the end of twenty years from the date thereof, and to make the rate of interest five and one half per cent per annum, payable annually.

AND WHEREAS the amount of the whole rateable property of the said Town of Wainwright according to the last revised assessment roll thereof, is the sum of \$606,704.00.

AND WHEREAS the amount of the existing debenture debt of the Town of Wainwright is the sum of \$46,500.00, and no part of either the principal or interest is in arrears.

NOW THEREFORE THE MUNICIPAL CORPORATION OF THE TOWN OF WAINWRIGHT ENACTS AS FOLLOWS:

1. The said herein before recited agreement made between the Town of Wainwright and Charles E. Bird is hereby ratified and confirmed.

2. The Council of the said Town of Wainwright is authorized to expend such sum or sums of money as to them may seem expedient, but in no case exceeding the sum of \$1500.00 in purchasing and conveying to the said Charles E. Bird, lots fourteen (14) to nineteen (19) inclusive, in block one (1) in the Townsite of Wainwright according to a plan of the said Townsite registered in the Land Titles Office at Edmonton as plan number 6445V, and in providing a side track from the rails of the Grand Trunk Pacific Railway Company to connect with the said property.

3. The said land being lots fourteen (14) to nineteen (19) inclusive, in block one (1) as aforesaid, is hereby exempted from taxation for a period of ten years from the 31st day of December A. D. 1912.

4. The Council of the Town of Wainwright is authorized to lend to the said Charles E. Bird the sum of \$10,000.00 upon the security of a first mortgage on the said herein before mention-

ed property, being lots fourteen (14) to nineteen (19) inclusive in block one (1), such mortgage to be repayable in accordance with the terms mentioned in the above recited agreement and to bear interest at the rate of 6% per annum.

5. For the purpose of raising the said sum of \$11,500.00 required for the said purpose, debentures of the said Town of Wainwright to the said amount of \$11,500.00 in the whole shall be issued in sums of not less than \$500.00 each as follows:

\$11,500.00 on the 1st day of June A. D. 1912, each of which debentures shall be dated on the day of its issue, and shall be made payable on the first day of June A. D. 1912, together with interest annually upon the principal sum of money, and payable at the Merchants Bank of Canada in the Town of Wainwright in the Province of Alberta.

6. Each of the said debentures shall be signed by the Mayor and the Treasurer of the said Town of Wainwright, or by some other person or persons authorized by By-law to sign the same, and the secretary of the said Town of Wainwright shall attach thereto the Corporate seal of the said Town of Wainwright.

7. The said debentures shall bear interest at the rate of five and one half per cent per annum, payable at the Merchants Bank of Canada, Wainwright, Alberta, on the first day of June in each and every year during the currency thereof, and shall have attached to them coupons for the payment of the said instalments of interest, which coupon shall be signed by the Mayor and Treasurer of the Town of Wainwright, or by some other person or persons authorized by By-law to sign the same.

8. During the currency of the said debentures there shall be raised annually by a special debenture rate on all rateable property in the said Town in the same manner as the ordinary general taxes of the town

the sum of \$1003.85, whereas \$632.50 is to be so raised annually for payment of interest during the currency of the said debentures and \$371.35 is to be so raised annually for the purpose of creating a sinking fund for payment of the debt secured by the said debentures.

9. This By-law shall take effect on the first day of June A. D. 1912.

10. The votes of the Burgesses of the said Town of Wainwright shall be taken on Monday the 27th day of May A. D. 1912, commencing at 10 o'clock in the forenoon, and continuing until 7 o'clock in the afternoon at the Council Chamber in the said Town of Wainwright by Mr. H. V. Fieldhouse, Secretary-Treasurer of the said Town, who is hereby named and appointed Returning Officer for taking the said votes.

11. The Returning Officer shall attend at the Council Chamber in the Town of Wainwright at 7.30 in the afternoon of the 27th day of May A. D. 1912 to sum up the number of votes for and against this By-law.

Head a first and second time and passed provisionally in Council this 30th day of April A. D. 1912.

H. V. Fieldhouse, Sec. Treas.

H. Y. Pawling, Mayor.

The above is a true copy of a proposed By-law which has been introduced and which will be finally passed by the Council in the event of the assent of the Burgesses being obtained thereto, within four weeks of the voting thereon, and that upon the day and at the place or places fixed for taking the vote of the burgesses the voting thereon will be held between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon.

H. V. Fieldhouse, Returning Officer.

INVESTMENTS

From this date
Until
JUNE 1, 1912

There will be an increase of at least 50 per cent. on all Town Property June 1st owing to the numerous improvements which will be completed by that date. Most of the streets will be graded, several thousand feet of cement sidewalks will be laid, the new City Hall will be well under way, numerous residences will be constructed. Two new stores will be under construction and many others too numerous to mention in such a small ad.

TOWN LOTS

From this date to Jun. 1st 1912, we offer the following lots at a price which should double in two years. Get in on the Ground Floor

C.P.R. LANDS

There is no better investment than the buying of C. P. R. lands at \$16.50 per acre with a cash payment of only \$264.00 on each quarter section, nine years for balance. Some choice quarter sections in this district, write for Information

\$25,000.00 FLOUR MILL

to be erected at Wainwright to handle the crop this year. Just think what this will mean to the farmers.

PAMPHLETS

On Receipt of a letter we will forward one of our illustrated pamphlets which will convince you that the Wainwright District is the only place to buy for the actual settler or investor. Write at once to
